## **WELCOME MESSAGE OF THE ORGANIZER**

Dear athletes, delegates and Bodybuilding and Physique Sports enthusiasts!

The Austrian Bodybuilding & Physique Sports Federation (ABPF) is proud to organize and conduct the 11<sup>th</sup> International Austria Cup sanctioned by the World Bodybuilding & Physique Sports Federation (WBPF). We wish to extend our great pleasure and a warm welcome to all participants of these championships in Vienna, the capital city of Austria.

After the 10<sup>th</sup> International Austria Cup on 2<sup>nd</sup> November last year and the cancelling of the 11<sup>th</sup> International Austrian Championships in May this is now the fourteenth international event being organized and conducted at Lugner City Mall by ABPF under the leadership of its President Mag. Axel Bauer. Richard Lugner, the owner of the mall named after him, is a world-famous celebrity and strong supporter of bodybuilding and physique sports in Austria. Due to that we love to choose this venue site which also offers a lot of advantages.

You can be assured that during your visit we will do our best to make your stay comfortable, entertaining and unforgettable and to make these championships a great success.

Yours in sport

Mag. Axel Bauer  
ABPF President

Mag. Horst Leser  
ABPF Secretary General

## **TRAVEL INFORMATION**

Austria is an alpine country in Central Europe with about 8.8 million people. The majority of the population speaks the official language German but many Austrians can also speak English. The official currency is the Euro (100 Eurocent is 1 Euro). The time zone is Central European Time (Coordinated Universal Time + 1 hour). Concerning any electronic device the plug type is C and F, the residential voltage is 230 V and the frequency is 50 Hz.

Next to a highly developed industry, international tourism is the most important part of the national economy. Between 2005 and 2010 Vienna, the capital and largest city of Austria with a population of about 1.8 million, was the world's number-one destination for international congresses and conventions and still attracts over 6.8 million tourists a year. For further information just open the website [www.wien.info](http://www.wien.info) in a browser and choose a language in the sub-menu "Deutsch"!

Vienna is served by Vienna International Airport, located 18 km southeast of the city centre. The Vienna S-Bahn line S7 provides the cheapest local service to the city centre taking approx. 25 minutes. The more expensive City Airport Train connects the airport directly to Wien Mitte railway station, close to the city centre, in just 16 minutes. Furthermore, there are buses from the airport to various places in Vienna. Of course, there are several taxi companies that operate at the airport and car rental facilities are also available. The railway system connects Vienna with other European cities, like Munich, Venice, Budapest, Prague, Bratislava and Zürich. Vienna has multiple road connections including motorways. In Vienna public transport is provided by buses, trams and 5 underground metro lines. Concerning the weather in October the lowest temperatures can range between 4 and 9 degrees Celsius and the highest between 11 and 17 degrees Celsius.

## OFFICIAL HOTEL

The official hotel recommended by the organizer is the four-star hotel “arte” that is located in the same building as the venue site.

The room rates start at about € 125 per night for the single and the double room (with breakfast and WLAN) depending on the time of the actual booking and the availability. The rooms can be booked directly at the hotel. The address is:

arte Hotel Wien  
Wurzbachgasse 17  
1150 Wien  
phone: +43 1 7898899  
e-mail: willkommen@artewien.at  
homepage: www.artewien.at

An alternative recommendation for the budget customer would be the hostel “A & O Wien Stadthalle”. The prices start at € 23 per person and night.

The address is:  
A & O Wien Stadthalle  
1160 Wien  
Lerchenfelder Gürtel 9-11  
phone: +43 1 4930480-3900  
internet:  
www.aohostels.com/en/vienna/wien-stadthalle

There are many more nice hotels available near the venue site but it is recommended to make hotel bookings as early as possible to get better rates.

## VENUE SITE

The “Lugner City” is a shopping mall and office building located directly on the so called “Gürtel” (the belt) in the 15<sup>th</sup> district of Vienna. There you can find all kind of shops and restaurants, an entertainment complex with cinemas, the modern fully equipped gym “McFIT” and the official four-star hotel “arte” that is located in the same building.

The competition will take place in cinema auditorium 12 that is located next to the crossing Gablenzgasse/Neubaugürtel.

The official address is:

Lugner City  
1150 Wien  
Gablenzgasse 11  
phone: +43 1 98150 0  
fax: +43 1 98150 98

The mall can be easily reached with the metro line U6, station "Burggasse-Stadthalle", exit "Burggasse". Parking in the Lugner City garage is charged!

## COMPETITION SCHEDULE

The weigh-in/registration takes place on Saturday 24<sup>th</sup> Oktober 2020 from 6 to 8 p.m. at the "Showbühne" (stage) that is located in the centre of the mall and on Sunday 25<sup>th</sup> Oktober 2020 from 9 to 11 a.m. at the box office in Lugner City Cinema.

The competition will start on Sunday 25<sup>th</sup> Oktober 2020 at 12 p.m./noon. The categories and their planned order are:

In addition, the following guidelines for skinfold thickness apply:

**PROCEDURE** of the check for class assignment in the PHYSIQUE categories of women and men:

1. Recording of body weight and height
2. Measurement of the **skinfold** in the **abdomen area** using a standardized caliper

Symbol photo

**If the value falls short of:**

- ✓ **Women** who want to start in a **MODEL-Physique category**: less than **8mm**
- ✓ **Women** who want to start in a **SPORT-Physique category**: less than **5mm**
- ✓ **Men** who want to start in a **SPORT-Physique category**: less than **5mm**

3. Optional measurement of the skinfold at a maximum of 3 further points (depending on necessity) in the following ORDER:

a. HIP

b. TRICEPS

c. KNIE-Inside

Subsequently, the average value is determined by **adding these measured values** and then **dividing** the sum by the **total number of measurements** (minimum 2, maximum 4).

**For example:**

$$7\text{mm (Abdomen)} + 8\text{mm (Hip)} + 8\text{mm (Triceps)} + 9\text{mm (Knee-inside)} = 32 : 4 = \text{Ø } 8\text{mm}$$
