WELCOME MESSAGE OF THE ORGANIZER

Dear athletes, delegates and Bodybuilding and Physique Sports enthusiasts!

The Austrian Bodybuilding & Physique Sports Federation (ABPF) is proud to organize and conduct the 12th International Austria Cup sanctioned by the World Bodybuilding & Physique Sports Federation (WBPF). We wish to extend our great pleasure and a warm welcome to all participants of these championships in Vienna, the capital city of Austria.

After the 11th International Austria Cup on 25th October last year and no 12th International Austrian Championships in the spring season this is now the fifteenth international event being organized and conducted at Lugner City Mall by ABPF under the leadership of its President Mag. Axel Bauer. Richard Lugner, the owner of the mall named after him, is a world-famous celebrity and strong supporter of bodybuilding and physique sports in Austria. Due to that we love to choose this venue site which also offers a lot of advantages.

You can be assured that during your visit we will do our best to make your stay comfortable, entertaining and unforgettable and to make these championships a great success.

Yours in sport

Mag. Axel Bauer

For further information just open the website www.wien.info in a browser and choose a language in the sub-menu "Deutsch"!

Vienna is served by Vienna International Airport, located 18 km southeast of the city centre. The Vienna S-Bahn line S7 provides the cheapest local service to the city centre taking approx. 25 minutes. The more expensive City Airport Train connects the airport directly to Wien Mitte railway station, close to the city centre, in just 16 minutes. Furthermore, there are buses from the airport to various places in Vienna. Of course, there are several taxi companies that operate at the airport and car rental facilities are also available. The railway system connects Vienna with other European cities, like Munich, Venice, Budapest, Prague, Bratislava and Zürich. Vienna has multiple road connections including motorways. In Vienna public transport is provided by buses, trams and 5 underground metro lines. Concerning the weather in October the lowest temperatures can range between 4 and 9 degrees Celsius and the highest between 11 and 17 degrees Celsius.
